PREAMBLE

This Agreement entered into this twenty second day of September 2009, between Savannah River Remediation LLC. (hereafter referred to as SRR), and its subcontractors, (while performing Davis Bacon Act Work) all of whom are hereafter collectively referred to as the "EMPLOYER", the Building and Construction Trades Department, AFL-CIO, the Augusta, GA Building and Construction Trades Council and its affiliated local unions (all of whom are collectively referred to as the "UNION") and whose names are subscribed hereto and who have, through their duly authorized officers, executed this agreement for Energy Related Construction Projects being performed for the Department of Energy or successor agency (hereafter referred to as the "OWNER") at the Savannah River Site (hereafter referred to as the "SITE").

WHEREAS, the UNIONS have in their membership throughout the area members competent and qualified to perform the work of the EMPLOYER; and

WHEREAS, in order to insure relative equity and uniform interpretation and application, the UNIONS wish to negotiate and administer said Collective Agreement in concert with each other and all with the EMPLOYER; and

WHEREAS, the EMPLOYER and the UNIONS desire to continue our harmonious relationship for the benefit of both parties to this Agreement; and

WHEREAS, the UNIONS understand and agree that SRR has a maintenance department and an operations department that performs non-DBA work which is separate and distinct from the work covered by this agreement; and

IT IS THEREFORE AGREED by the undersigned EMPLOYER and UNIONS in consideration of the mutual promises and covenants contained herein that the Project Agreement be made as follows:

ARTICLE I PURPOSE

The purpose of this agreement is to promote safety, quality of workmanship and efficiency of construction operations on the work covered by this Agreement. It is also the intent of the parties to set out uniformly standard working conditions with due consideration for the protection of labor standards, wages and working conditions.

ARTICLE II SCOPE OF AGREEMENT

Section 1. This Agreement, hereinafter designated as the "Project Agreement" or "Agreement", shall apply and is limited to construction plant modernization, maintenance and modification work, subject to the Davis-Bacon Act, and/or the OWNERS Alternate Dispute Resolution Process, at the SITE. In the event that the Davis-Bacon Act is repealed, or modified to the extent that it no longer applies, SRR and the Unions will negotiate appropriate scope language in accordance with Article XXII of this Project Agreement.

It is understood that SRR may assign non-DBA work to its union workforce at its sole prerogative. Traditional craft jurisdiction shall be the initial work assignment, after which they will perform the work of that crew. When working in a Maintenance or Operations crew, employees will work the shift hours of that crew, be paid the same wage premiums that are required by that shift and work under the direction of the Maintenance/Operations supervisors. Unpaid holidays shall be those recognized by the Maintenance/Operations workforce.

The UNION and EMPLOYER agree to abide by the terms and conditions contained in this Agreement with respect to the administration of the Agreement by the EMPLOYER and the performance of the subcontractors of the Project. This Agreement represents the complete understanding of the parties. Issues regarding interpretation of this agreement are reserved exclusively between SRR and the signatory UNIONS.

It is agreed that all EMPLOYERS that are performing DBA work of whatever tier will be required to sign this agreement, accept and be governed by the terms and conditions of this Project Agreement. It is agreed that the terms and conditions of this Project Agreement shall supersede and override terms and conditions of any and all other national, area or local collective bargaining agreements. It is understood that this is a self-contained Agreement and that upon the signing of this Project Agreement, the EMPLOYER(S) will not be obligated to sign any other local, area or national agreement.

The parties agree that the total results of their bargaining and the entire understanding between the parties is embodied in this Agreement. This Agreement shall not be amended or supplemented except by mutual consent of the Union and SRR, reduced to writing and duly signed by each.

Section 2. This Agreement shall be limited to DBA work, and nothing contained herein shall be construed to prohibit, restrict or interfere with the performance of any other operations, work or function which may occur at the SITE or be associated with the development of the SITE.

Section 3. This Agreement shall only be binding on the signatory parties hereto and shall not apply to parents, affiliates, subsidiaries or other ventures of such company unless they are performing DBA work within the scope of this agreement at this SITE.

Section 4. SRR has the absolute right to select any qualified EMPLOYER for the award of contracts on the Site.

Section 5. Items specifically excluded from the scope of this agreement include:

- A. Work performed under the National Cooling Tower agreement and the National Stack Agreement, National Silo Agreement, Elevator Constructors National Agreement, National Transient Division (NTD) and the National Refractory Agreement.
- B. Work of non-manual employees, including but not limited to superintendents, supervisors, engineers, field engineers, surveyors, inspectors, quality control personnel, quality assurance personnel, timekeepers, mail carriers, clerks, office workers, messengers, guards, emergency medical and first aid technicians and other professional, engineering, administrative, supervisory and management employees.
- C. Equipment and machinery in the care, custody and control of the OWNER or SRR's Operations and Maintenance Departments.
- D. All deliveries to and from anywhere on the SITE.
- E. The removal of trash, scrap, surplus, spoilage and waste materials from designated areas on the Site. (This does not apply to DBA work performed under a demolition or remedial action contract.)
- F. All employees of the EMPLOYER not performing manual labor.
- G. It is understood that the liability of any EMPLOYER and the liability of the separate UNIONS under this Project Agreement shall be several and not joint. The UNIONS agree that this Agreement does not have the effect of creating any joint EMPLOYER status between the OWNER and the Unions.
- H. It is understood that the OWNER or SRR, at its sole option, may terminate, delay and/or suspend any or all portions of the Project at any time.

Section 6. Nothing herein shall be construed to prohibit or restrict the OWNER or SRR or its Maintenance and Operations employees or its contractors from performing work not covered by this Project Agreement on the SITE. As areas and systems of the SITE are inspected and construction tested by the EMPLOYER and accepted by the OWNER or SRR's Operations/Maintenance Departments, the Project Agreement will not have further force or effect on such items or areas, except when directed by the OWNER or SRR's Operations/Maintenance Department to engage in repairs, modification, checkout and warranty functions required by its contract with the OWNER.

**ARTICLE III
MANAGEMENT'S RIGHTS**

Section 1. The EMPLOYER retains full and exclusive authority for the management of its operations. The EMPLOYER shall direct their working forces at their prerogative, including, but not limited to hiring, promotion, transfer, lay-off administering disciplinary action, and the promulgation and subsequent revision of reasonable work rules, policies and procedures. No rules, customs, or practices shall be permitted or observed within which limit or restrict production or limit or restrict the working efforts of employees. The EMPLOYER shall schedule work, and shall determine when mandatory overtime will be worked. The foregoing enumeration of management rights shall not be deemed to exclude other functions not specifically set forth. The EMPLOYER, therefore, retains all management rights not specifically limited by the terms of this Agreement.

**ARTICLE IV
RECOGNITION**

Section 1. The EMPLOYER recognizes the signatory UNIONS as the collective bargaining agents for its employees, working under this agreement who shall constitute a bargaining unit separate and distinct from all others.

Section 2. Each EMPLOYER and each signatory UNION shall alone be liable and responsible for its own individual acts and conduct and for any breach or alleged breach of this Agreement. Any alleged breach of this Agreement by an EMPLOYER or any dispute between the signatory UNION(S) and an EMPLOYER respecting compliance with the terms of this Agreement shall not affect the rights, liabilities, obligations and duties between the signatory UNION(S) and any other EMPLOYER covered by this Agreement.

**ARTICLE V
EQUIPMENT INSTALLATION**

Specialized, leased, or warranted equipment, such as computers and the like, and/or secret processing equipment may be installed and/or serviced by individuals not covered by this agreement. Warranty service on any equipment may be performed by the vendor's personnel.

**ARTICLE VI
REFERRAL OF EMPLOYEES**

Section 1. When craft employees are needed, the EMPLOYER shall notify the UNIONS as to the number and classification of employees required.

Section 2. The Local UNIONS administer and control their referral, and it is agreed that these referrals will be made in a nondiscriminatory manner and in full compliance with federal, state and local laws and regulations.

In accordance with Section 3161 of the 1993 Defense Authorization Act, Hiring preference will be required under this agreement for any 3161 identified worker who is qualified to perform the work. Referrals to the SITE shall be made, therefore, in accordance with the referral procedure defined in "Appendix B".

Section 3. Applicants for the various classifications covered by the Agreement required by the EMPLOYER shall be referred to the EMPLOYER by the UNION(S). Each EMPLOYER shall have the opportunity to hire up to three (3) key employees at the entire SITE. The EMPLOYER and the UNION(S) must comply with the referral process defined in "Appendix C". The EMPLOYER shall have the right to determine the competency of all employees, the right to determine the number of employees required, the right to request employees with special skills and qualifications and shall have the sole responsibility for selecting the employees to be laid off. The EMPLOYER shall also have the right to reject any applicant referred by the UNIONS.

Section 4. The UNION shall not refer employees employed at the SITE by a signatory EMPLOYER to other employment, nor shall the UNION engage in other activities which encourage workforce turnover or absenteeism.

- Section 5. In the event a referral facility maintained by a Local Union is unable to refer workers as requested by the Employer within a forty-eight hour period after such requisition is made by the Employer (Saturdays, Sundays and Holidays excepted), the Employer may assign the work to workers of other crafts already employed on the project notwithstanding the provisions of Article VIII. Such workers shall be paid whichever Union's wage rate is higher, but all fringes shall be paid to the funds of the workers' Union. The Employer shall replace such workers as soon as qualified registered applicants for employment are available from the Local Union that was unable to meet the initial request for workers. In addition, the Local Union must be provided the opportunity to fulfill any subsequent request for workers from that craft. If no current employees are available from other crafts to perform the work, after five working days notice to the Unions, the Employer shall be entitled to hire employees who will not be dispatched by the Unions and will not be covered by this Agreement.
- Section 6. During a reduction in force, the EMPLOYERS have the right to retain the employees of their choice without regard to any other criteria. Employees terminated for cause shall not again be referred for employment to the SITE for a period of ninety (90) days and the UNION may not require the rehire of such employees.
- Section 7. An employee or applicant required to satisfactorily demonstrate his/her ability to perform certain tasks through an examination or test (i.e., welding test) shall be paid for that time required to take the exam or test provided the employee or applicant successfully passes the exam or test.
- Section 8. The Employers and the Unions agree to facilitate the entry of veterans into the Building and Construction Trade Industry. Therefore the parties agree to utilize the services of the center for military recruitment, assessment and veterans employment (hereinafter "Center") and the Center's Helmets to Hardhats program. The Center will serve as a resource to recruit applicants into the unions' apprenticeship and journeyman programs and the unions agree to keep the Center abreast of opportunities available of their trade.

ARTICLE VII GRIEVANCE PROCEDURE

- Section 1. Represented manual craft EMPLOYEES are encouraged to process any EEO/AA related complaints or Employee Concerns through the grievance procedure contained in this AGREEMENT.
- Section 2. All disputes or grievances, including those identified in Section 1 of this Article, and all grievances over the interpretation and application of this AGREEMENT, exclusive of questions of jurisdiction on work, shall be handled in the following manner:
- Step 1. All disputes or grievances over EMPLOYER actions under this AGREEMENT, which are not resolved informally, shall be resolved between the aggrieved party, the designated craft steward, and the aggrieved party's immediate supervisor.
- In order to encourage the resolution of disputes or grievances at STEP 1 of this grievance procedure, the parties agree that such settlements at STEP 1 shall not be precedent setting.
- Step 2. If the dispute or grievance is not resolved informally, as set forth in STEP 1, within five (5) working days, then either aggrieved party (the UNION or the EMPLOYER) shall reduce the dispute or grievance to writing on a form provided by the Employer/Union
- The Business Representative of the UNION and the EMPLOYER'S designated representative shall meet at the SITE within five (5) working days after receipt of the written dispute or grievance. If there is no settlement at STEP 2, then the aggrieved parties shall proceed to STEP 3.
- Grievances not resolved in STEP 1 or 2, and which proceed to STEP 3, shall be coordinated through and monitored by SRR.

Step 3. If the dispute or grievance is not resolved at STEP 2, it shall be referred to the General President of the UNION or his designated International Representative and the appropriate representative of the EMPLOYER. If the dispute or grievance is not promptly settled on this level, the parties may by mutual written agreement extend the period for settlement to a fixed date, or the dispute or grievance may promptly be submitted to arbitration as set forth below.

Step 4. If, after referral to STEP 3, the dispute or grievance remains unresolved, and there is no mutual written agreement to extend the period for settlement to a fixed date, then the matter shall then be referred to arbitration by either party, upon written notice to the other. If the parties are unable to agree upon an arbitrator, application may be made by either party to the Federal Mediation and Conciliation Service for a panel of five (5) arbitrators, upon receipt of which, both parties shall immediately alternately strike names until the last name remains, which person shall be designated as the arbitrator. The decision of the arbitrator shall be rendered no later than fifteen (15) days from the date of submission and shall be final and binding upon the EMPLOYER and upon the UNION and its members. The arbitrator shall have no authority to change, amend, add to, or detract from any of the provisions of this AGREEMENT.

Section 3. In the event either party is entirely sustained by the arbitrator, the other party shall pay the entire cost of the proceedings, including compensation for the services of the arbitrator. Should a split decision be rendered by the arbitrator, the arbitrator shall similarly determine the split in cost, as in the arbitrator's judgment, is equitable between the parties.

The EMPLOYER and UNION shall pay their own expense, including attorney fees, incidental to the preparation and presentation of its case.

Section 4. At the request of either party, the arbitrator's decision shall be reduced to writing, setting forth at a minimum the pertinent facts of the grievance, the decision and the reasons for such decision. Subject decision shall be final and binding on all parties herein, but shall be final and binding only with respect to the issue or issues submitted by the parties. If either party refuses to abide by the decision of the arbitrator, then the aggrieved party shall be free to enforce the award in any legal manner.

Section 5. The time limits specified in any step of the Grievance Procedure may be extended by mutual agreement of the parties initiated by the written request of one party to the other, at the appropriate step of the Grievance Procedure. However, failure to process a grievance, or failure to respond in writing, within the time limits provided above, without a request for an extension of time, shall be deemed a waiver of such grievance to the other without prejudice, or without precedent to the processing of and/or resolution of like or similar grievances or disputes.

Section 6. Grievances relating to the acts or failure to act of any particular party shall be filed against that party. There shall be no actual or threatened work stoppage, work interruption, slowdown, featherbedding, sit-down, strike, picketing, hand billing, or public notice of any kind during the entire term of proceedings under this Grievance Procedure.

Section 7. No adjustment or grievance decision may provide for retroactivity or back pay exceeding sixty (60) days prior to the date of the filing of the written grievance.

ARTICLE VIII JURISDICTION

Section 1. A crew assigned to a specific job assignment, when encountering some part of that assignment that necessitates the use of another craft not present, will be allowed to perform such work so as to allow the primary craft to continue their work unencumbered, providing the cumulative man hours of the ancillary work does not exceed two (2) man-hours. In such cases, the craft with the proper jurisdiction would then be called.

Section 2. The EMPLOYER and the UNIONS recognize the necessity for eliminating restrictions and promoting efficiency and agree that no rules, customs or practices shall be permitted that limit production or increase the time required to do the work.

- Section 3. Work shall be assigned by the EMPLOYER in accordance with the Procedural Rules and Regulations for the Plan for the Settlement of Jurisdictional Disputes in the Construction Industry, and jurisdictional disputes will be settled in accordance with the procedural rules and decisions of such Board or successor agency.
- Section 4. SRR will insure that each EMPLOYER covered by this Agreement holds a pre-job conference prior to WORK actually starting at the SITE. Good faith efforts will be made by SRR and EMPLOYER to resolve all anticipated disputes over work assignments. These efforts will include pre-job conferences, mark-up meetings and jurisdictional disputes meetings between Business Representatives and/or International Representatives.
- Section 5. There shall be no work stoppage or interruption of WORK while any jurisdictional dispute is being resolved. The WORK shall proceed as originally assigned until the dispute is resolved. No back pay or monetary penalty of any type shall be assessed as a result of the resolution of any jurisdiction dispute or work assignment dispute.
- Section 6. Work assignments of employees assigned to non-covered work with Maintenance and/or Operations personnel shall be at the sole prerogative of the Employer and shall not be subject to this Article.

ARTICLE IX UNION REPRESENTATION

- Section 1. Authorized representatives of the UNION on UNION business shall have access to the SITE during working hours. They shall comply with visitor and security rules established for the SITE.
- Section 2. Each craft signatory to this Agreement and working on the energy-related construction Project may place one (1) working steward for each EMPLOYER to act as a representative of the UNION in connection with UNION business. Stewards shall be allowed reasonable time to conduct UNION business. Each craft may have a steward on the job when work of that craft is being performed. The steward will remain on the job as long as he/she is qualified, willing, and able to perform the work. In the event of overtime work, the UNION may name one of the workers performing the overtime work to act as steward if the regular steward is not qualified to perform the overtime work. The working steward will be paid at the applicable wage rate for the job classification in which he/she is employed. There shall be no non-working stewards. Each steward shall be concerned with the employees of the steward's employer and not with the employees of any other employer. New employees will be introduced to the steward on their first full day of employment.
- Section 3. If a steward is to be terminated for cause, the employer will notify the UNION by phone and follow up in writing prior to taking such action.
- Section 4. On work where the OWNER'S personnel or Maintenance/Operations personnel may be working in close proximity of the construction activities, the UNION agrees that UNION representatives, stewards and individual workers will not interfere with the OWNER'S or Maintenance/Operations personnel or with the work which is being performed by the OWNER'S or Maintenance/Operations personnel.

ARTICLE X WAGE AND BENEFITS

- Section 1. The hourly base wage rates and UNION fringe benefits paid EMPLOYEES shall be the hourly wage rates and UNION benefits as contained in "Appendix A", attached hereto, and by reference made a part of this Agreement.
- Section 2. The EMPLOYER adopts and agrees to be bound by the written terms of legally established trust agreements specifying the detailed basis on which payments are to be made into, and benefits paid out of, such trust funds. The EMPLOYER authorizes the parties to such trust agreements to appoint trustees and successor trustees to administer the trust funds and hereby ratifies and accepts the trustees so appointed as if made by the EMPLOYER. Nothing contained in this Section is intended to require the EMPLOYER to become a party to nor be bound by a local collective bargaining agreement except for the EMPLOYEE benefit fund contributions as required herein, nor is the EMPLOYER required to become a member of any employer group or association as a condition for making such contributions.

- Section 3. The existing wage/fringe package may be reallocated to existing fringe benefit funds, with thirty (30) days written notice from the Union(s) to SRR. In any reallocation, the total wage/fringe package shall not exceed the total of the existing wage/fringe package as contained in Appendix A.
- Section 4. Future hourly wage rates and UNION fringe benefit adjustments for the SITE will be made once a year, effective the first full pay period in October of each succeeding year, for all crafts and covering all contracts and signatory EMPLOYERS. The adjustments will be determined by the M & O Contractor and a committee comprised of one (1) representative from each of the signatory UNIONS using the average wage and fringe benefit monetary adjustment as arrived at by the Southeastern States Survey with independent confirmation by the Construction Labor Research Council (CLRC) Southeast States Survey, or successor agency.
- Section 5. Existing "Amended Benefits" (Option A) will be recognized only for manual craft EMPLOYEES who selected Option A benefits and who were on the active manual craft payroll as of *September 22, 2009*. EMPLOYEES currently on Option A, who may subsequently be terminated and are rehired at a future date, shall be exclusively on UNION fringes.
- Section 6. Industry promotion or administrative funds or other funds which do not accrue to the direct benefit of SITE EMPLOYEES are not considered fringe benefits for purposes of this AGREEMENT will not be surveyed for future adjustments, and need not be paid by the EMPLOYER.
- Section 7. The EMPLOYER agrees that it will, when requested by the UNION, deduct from the pay of each EMPLOYEE, who is at the time a member of the UNION, or made application to become a member of the UNION, current UNION working dues from the gross wages. These deductions shall be deducted upon presentation of a proper legal payroll deduction authorization signed by said EMPLOYEE requesting such deduction, and remitted monthly of the following month, the aggregate amount of such deduction directly to the respective Local UNION.
- Section 8. Fringe benefit payments shall be paid only on the basis of hours worked, not hours paid for, except where this is in violation of existing applicable trust agreements, in which case the provisions of existing applicable trust agreements will prevail.

On the fifth day the "B" team continues the work activities for four (4) consecutive ten (10) hour days. On the ninth day the "A" team returns to work to continue the construction activities. The four (4) day alternating "A" and "B" team operation can continue on a year-round basis. The same pattern applies for second shift. If two shifts are established, they shall be consecutive.

Time worked over forty (40) straight time hours in the work week or in excess of a standard work day, shall be at the applicable overtime rate. This provision also applies to the four-ten shift, where Friday is the make-up day for the Monday through Thursday shift. Employees must be told during their preceding shift (or sooner) that a make-up will be worked or the entire make-up day will be considered overtime. Make-up days must be scheduled for at least eight or ten hours depending on the employer's normal shift hours.

When employees report for work at the time and place specified by the EMPLOYER and they are not put to work or they work less than two (2) hours, they shall be paid for two (2) hours at the applicable straight time rate of pay. If after working two (2) hours they are prevented from working a full shift, they shall be paid for actual hours worked. It is the intent of this Section that employees who show up for work shall be paid at least two (2) hours of a shift except when they have been notified, at the EMPLOYER'S expense. If employees leave the job on their own accord, they will be paid for actual hours worked. If employees report to work in a condition unable to work, they will not be eligible for reporting pay.

**ARTICLE XIV
SPECIAL PROCESSING TIME**

To accommodate the OWNER'S requirements and procedures and to comply with DOE security regulations and applicable state, federal and OSHA requirements, the EMPLOYER shall be allowed up to a maximum of eight (8) hours straight time for pre-employment non-paid processing time on the first day of employment.
